

Transportation Asset Management Council 2004 Highlights

➤ **Adopted Goal Statement and four major objectives**

The Transportation Asset Management Council will expand the practice of asset management statewide to enhance the productivity of investing in Michigan's roads and bridges through coordination and collaboration among state and local transportation agencies by:

Four Objectives

- 1) Surveying and reporting the condition of roads and bridges by functional classification categories for the State and Regional Planning areas,
- 2) Assessing completed and planned investments in roads and bridges by the various transportation agencies of the state,
- 3) Supporting the development of appropriate asset management tools and procedures, and
- 4) Providing education and training on the benefits of developing road improvement programs through the use of asset management principles and procedures.

➤ Adopted Work Program for 2004-2006

2004-2006 WORK PROGRAM

TRANSPORTATION ASSET MANAGEMENT COUNCIL
